PROFILE

Visual and digital communications professional since 2020, coordinating projects, content and stakeholders for FederLUS. I completed the start2impact UX/UI Design Master programme, designing responsive interfaces, conducting user research and testing prototypes. I bring visual craft, a structured process and attention to user needs to product teams.

PROFESSIONAL EXPERIENCE

Communications and Projects | Federazione BCC Lazio Umbria Sardegna | Jan 2020 - Present

- Coordinate institutional and community programmes for FederLUS and member banks: requirements, plans, budgets, milestones, monitoring and reporting.
- Align leadership, banks, partners, speakers and suppliers; deliver events and learning initiatives across logistics, content, assets and deadlines.
- Design visual identities and campaigns; produce articles, web/social content, presentations, video and event kits for financial education, sustainability, young members and mutual aid.
- Manage WordPress sites and digital touchpoints; contribute to clearer, more accessible internal tools and UX/UI by connecting user needs with operational goals.

Earlier roles: Social Media Manager, Scicchitano Law Firm (2019); part-time design collaborator, Arcottanta Architecture Studio (2018-2020).

SELECTED UX/UI AND VISUAL PROJECTS

JOJOB | Responsive redesign and usability testing

5 interviews, 40 survey responses, information architecture, wireframes and desktop/mobile UI. Prototype tested with 5 participants; two improvement hypotheses identified for a further test.

Farmacia Altesi | UX/UI final project

Identity and desktop/mobile prototypes for prescriptions, services, permitted products and events. Altea guides requests with a pharmacist handoff. Exploratory survey with 13 responses and a usability test plan.

INCLUDO | Visual identity

Logo, palette, typography, usage guidelines and digital applications for an inclusion project.

EDUCATION

start2impact - UX/UI Design Master programme, completed (2025-2026) | **Quasar Institute** - Interior Design Master (2017-2018) | **San Raffaele University** - BA Industrial Design (2014-2017).

SKILLS

UX/UI: user research, information architecture, wireframing, Figma, prototyping, design systems, usability testing. **Visual and digital:** Adobe Creative Suite, WordPress, HTML/CSS. **Collaboration:** stakeholder alignment, supplier coordination, project delivery.
